Logging Into Zoom

To view the Encore, you must first log into Zoom. A paid Zoom account is not required; if you do not have an account, you can obtain one for free by visiting Zoom.us.

If you are unable to log into or access Zoom from your workplace, you may need to log out of your VPN. If that does not work, you may have to find an alternative location or use a personal account.

Obtaining PDHs

Participants will have the opportunity to earn Professional Development Hours (PDHs) by fully attending each course.

After each course, attendees are given a link for PDH application. Once verified, the PDH will be sent to the applicant.

2024 Pipe School Encore

In the wake of the successful in-person 2024 Pipe School in Frisco, TX, we are giving it an encore! The event takes place virtually via the Zoom platform from March 5th-7th. The 2024 Pipe School Encore features some of the same expert presenters and presentations as the in-person event.

Additionally, there will be chances to engage with the presenters, industry professionals, ACPA members, and staff.
