RCPIX PHOTO CONTEST

Concrete Pipe & Precast Box Culvert Photo Contest & Exhibit

The ACPA invites all industry stakeholders—including members, engineers, contractors, and transportation agencies—to participate in its *RCPix Photo Contest*. Showcase your best photographs of concrete pipes and precast box culverts.

Entrants may submit up to ten photos that highlight the robust and essential nature of these materials. Please refer to the submission guidelines and criteria provided below for more details.

All entries must be **submitted by December 20th** to be considered. The most compelling images will be displayed during the 2025 Pipe School, with winners being celebrated at our awards luncheon.

Photo Submission: pipeschool.org/photo

Capture the strength and beauty of concrete pipe. Your unique perspective could be a highlight!

PHOTO GUIDELINES

Photos should feature concrete pipe or precast concrete box culverts, or their components at any stage in their life, from cradle to installed. The pipe or box culvert may be positioned prominently, in the foreground, or background of the image.

We are requesting photos based on the following categories, as best suits your image(s):

Manufacturing / In the Plant
Photos of concrete pipe/box culvert production in the plant. From the products and processes to the equipment and people, this category showcases life inside the manufacturing plant.

Installation / Installed Product
Photos of concrete pipe/box culverts from installation to their final use. Show their strength and reliability during and after installation.

Freelance
This open category invites creative shots of concrete pipe/box culverts. Capture them from unique angles, in unexpected settings, or candid moments.

CONTEST RULES

1. **Safe** – Images may not include any safety violations or dangerous situations.
2. **Concrete Pipe or Box Culverts** – Photos must include concrete pipe and/or box culverts to be considered.
3. **Clear** – Images must be aesthetically pleasing and should not be blurry.
4. **Recent** – Photos must have been taken within the last 5 years to be considered.
5. **Photo Altercation** – Photos must be original and no products or other entities can be photoshopped onto the image.
   NOTE: Minor editing of the photo can be done such as help with the images coloring, a touch up to the product, or the removal of a logo.
6. **Company Logo** – Photos in which company or agency logos that are visible on the product, manufacturing or construction equipment, or persons' clothing are permissible. Per the "Photo Altercation" rule, you may remove the logo at your discretion.

PRIZES

Six winners will be chosen based off the following categories. The winners will be announced at Pipe School.

Overall	**$200**	**Viewers' Choice**	**$200**
Category	**$150**	**Chairman's "Pix"**	**$200**
